"All sporting and leisure activities have inherent hazards associated with them and rambling is no exception. In spite of the safety of members always being of paramount concern, accidents will occasionally occur. It is important, therefore, that when entering into the activity, each member appreciates that they have a responsibility to identify the hazards associated with the activity and take all reasonable steps to eliminate or minimise the potential for an accident to arise"

PLEASE BE AWARE OF BACK WALKERS WHEN THE GROUP BECOMES SPREAD OUT AND REMEMBER TO WALK IN SINGLE FILE ACROSS CROPS
